

CLBC ANNUAL GENERAL

MEETING SECRETARY'S REPORT

This being my first year on the Executive, it has been a learning experience. I had every intention of distributing a regular newsletter this term, but I must apologize for not achieving this. The year was a very busy one and time just did not allow me get this done. If anyone would like to volunteer to help with this, I would really appreciate it.

We had a slight decrease in membership numbers this year. We had 139 members in 2004 and 122 this year. There were 18 new members signed up this year, but 35 members from last year did not return.

This year's membership fee included a locker if required. After a "bumpy" start, I think we were able to accommodate everyone who wanted one. We are hoping to do some maintenance on them this winter, so ask that you remove your locks and belongings, so that this can be accomplished.

Please let me know if there are any changes to your email or home address. I will email the minutes of the AGM to anyone with an email address, then others will be available at the next social event.

Thank you

Respectively submitted by Chris Fereday
